In the wake of Corona virus positive cases being reported in Puducherry, guidelines were issue to Health/Revenue/Police officials deputed in the locations identified as containment zones for ensuring proper coordination in carrying out **Surveillance & monitoring, ensuring home quarantine, Supply of Essential items to people, shifting the suspected cases to quarantine centers, etc.**

As per the containment plan published by the MOH&FW, GOI referred above, there is severe restriction on the movement of people to go in and come out from the containment zones. However services of the government officials engaged in emergency and essential service are very much in required. As such there is necessity to regulate the movement of such persons.

In this regard, it is clarified that:

There shall be no unchecked outward movement of population from the containment zone except for maintaining essential services (including medical emergencies) and government business continuity.
